3- General organization of the training: project status

4- The content of the training and its contexts:

The Study of Creed (Dogma) and Comparative Religion is one of the branches of the origins of religion. The Master's degree program consists of modules that revolve around belief (Creed), its origins, history, methods, as well as providing an overview of beliefs, denominations, sects, and doctrinal and intellectual doctrines.

5- Training objectives:

This training aims to simplify the main concepts and approaches of the specialization: Islamic belief, foundational doctrines, and comparative religion.

- Determine the fundamental sources of Islamic creed and its approaches.
- Acquire knowledge of the sources of other religions.
- Study and explore different doctrines and their respective schools.

6- Targeted competencies of the training:

This Master's degree program provides students with the elements of knowledge and understanding of creed and its foundations, as well as forming a comprehensive understanding of existing religions in different nations and peoples.

7- Local, regional, and national employment prospects:

Holders of a Master's degree in this specialization can:

- Continue their academic career by pursuing a doctoral degree.
- Enter the job market through public employment competitions.
- Seek opportunities in the religious affairs sector.
- Pursue opportunities in the private sector.
