3- General Organization of the Training: Project status

4- Training Content and Context:

The training in this specialization addresses significant developments in the field of financial transactions, enabling participants to acquire financial and banking knowledge, especially in light of the increasing polarization and interest in the Islamic banking and financial sector worldwide. The training aims to establish and develop specialized frameworks and benefit from the expertise of professionals, particularly in the banking sector and financial institutions in general.

5- Training Objectives:

The training aims to achieve the following objectives:

1. Understanding the key legitimate controls of contemporary financial transactions.
2. Mastering the rules of legitimate practices in Islamic financial and banking tools.
3. Preparing students for advanced studies (Ph.D.) in the field.

6- Targeted Training Competencies:

1. Rehabilitating and training professionals needed by Islamic financial institutions, especially Islamic banks.
2. Addressing the challenges of Islamic financial management in the most developed Islamic countries.

7- Local, Regional, and National Employability Capacities:

This specialization offers employment opportunities for graduates in various sectors, including universities, education, religious affairs, banks, and Islamic banks.
